When Bow Island Ladies Meet

Afternoon Ices means afternoon chat,
The subjects are varied, they'll see to that;
The last new book — the latest plays —
Freak dances — and the Jazz-time craze —
The subject of "Ices" of course, is raised,
And, though we say it, Browning's always are praised

A. E. BROWNING
BAKER

MAIN STREET --- BOW ISLAND

The Right Spirit! Deal only in Your Own Town!

We herewith reproduce the following letter received last week and printed June 19th, by the Lethbridge Herald from a United States business firm:
Great Falls, Mont., June 12, 1920
Lethbridge Herald
Lethbridge, Alberta

Dear Sirs:

You are to be congratulated upon your policy in not accepting advertising from concerns outside of your city. Every town would be much better in every way if other papers would follow the same plan.

We always contend that a town can only be as prosperous as its merchants, and your steps should feel highly gratified for the spirit of support that your letter indicates. If this same co-operation prevails generally, we predict that the rest of the country will hear more and more from Lethbridge as time goes on.

While we are anxious to secure all the business we can, we always advocate that the local merchants should receive first support and that the people should turn to us only for the things that they can not procure in their home town and we admire you stand very much.

Yours very truly

The Paris Dry Goods Company
W. M. Baldwin

This makes some of the pleasantest, most refreshing and best reading the Public have ever had the good fortune to get for a long long time in this age of Greed, Subtlety, Graft and Duplicity.

It shows that the finest points of Honor, Integrity and Loyalty are not dead within the breasts of some people, especially those of the gentlemen quoted above.

Acting in this same spirit the "Bow Island Review" that prides itself on being "White" would like its readers to know that the "Bow Island Review" turned down \$220.00 this spring in one lot of Advertising alone from the T. Eaton Co. of Winnipeg, besides other firms. The question may be asked "Why turn down \$220.00 in one offer of Advertising, will the Business Men of Your Town and District be genuine White Men and accept your act of Loyalty to your Town and District and show their appreciation by Advertising and supporting their Town and District Paper?"

In reply to those questions all we can say is "We hope that as we refused to accept Advertising from Multi-Millionaire Firms for the sake of our own Business Men and to keep the money in our own Territory, so will the Business Men, Farmers and Public generally show their appreciation of what is really "Just and

Right" by doing all in their power to support the "Bow Island Review" that at great Financial Loss to itself has acted "White" to them, by refusing to accept Advertising that will do injury to the Businesses of this Town and Districts.

BOW ISLAND U.F.A.

The Bow Island U.F.A. are an active body of earnest workers seeking to obtain for every Farmer their due and just rights, as the Farmer is the Actual Producer of All the Necessities of Life.

Therefore their chief aim is to make One Great Brotherhood for all Farmers, to get justice for the Farmers and all mankind.

They are just as Capable and Honorable to sit in Parliament as their Farmer friends of the Ontario Government who have made extremely good in this last Session of Parliament and here a surprise to all, by their Earnestness, Mental Powers and their Repulsion to all forms of Bribery, some were tempted with Bribes of \$1000, but they flung them back at their tempters.

Our new U.F.A. members are equally Honorable in that they could not be Bribed nor their "Votes" Bought or Sold like so much Merchandise, for they have a deep fund of Sound Common Sense and Evident Character so that naturally and without effort, this Great Brotherhood in Union with their Co-Workers the U.F.W.A. pin their faith on that old proverb, "that Honesty is Always the Best Policy."

To show that the Bow Island U.F.A. is very much alive, one has only to know that they have over 100 Active Workers and they will go ahead like a Steam Engine; now Brother Farmer you ought to join up, for the sake of Yourself and also your Family or Relatives, to help them and Yourself to get what is your full due of the Rights and Happiness of Life.

Hand clasped in Hand, you will go forward with them to tread the Paths of Success never before known to you.

United We Stand, Divided We Fall.
Delays are dangerous, join up Now.
You will be Heartily Welcomed.

Bow Island

From our own Correspondent

Mrs. Munroe of Lethbridge returned home Monday after spending a few days with her mother Mrs. Shearer

Miss Edwards left on Monday's train for Calgary

Mr. and Mrs. R.S. Beattie motored to Ronanale Thursday

Mr. C. Grigby of Calgary is visiting his mother Mrs. Harry Grigby

Mr. Ed Thompson made a business trip to Moose Jaw last Saturday

Miss Besie Shaw of Medicine Hat spent Saturday and Sunday in Bow Island

Bow Island

From our own Correspondent

All the crops around the five districts including Bow after the rain and it is hoped we will now have some crop

Mr. Clinton who was on his way home from California U.S.A. called at Mr. Tinstall's and purchased two new ties for his car

Cauliflowers and Mushrooms were gathered from the A.P.P.'s garden last Sunday

Mr. R.S. Beattie motored to Foremost on Wednesday 23rd.

The Gardens at the Ronanale Experimental Farms are looking very nice and there are prospects of a good crop, but are rather late on account of high winds and a late spring

The Canada Land and Irrigation Coy. were very busy dipping cattle last week at their ranch, at Bow River last Saturday they put seven hundred head through the dipping vat. The company has employed quite a number of men for that purpose, they have a splendid herd of cattle and the vat is considered one of best in the district, the animals are completely immersed in the solution which is composed of Sulphur and Salt heated to a temperature of 110 degrees

Mr. Schomert from Kitchener B.C. paid her parents Mr. and Mrs. P. LeMarch, a hurried visit Friday 18th, after visiting friends and relatives at Medicine Hat and Bow Island she left Tuesday for her home in B.C. Mrs. Schomert was sure looking fine

Mrs. O'Neil and infant daughter returned from Lethbridge last week

Mrs. A. Cohey and Mrs. Roy Beattie spent Saturday in Medicine Hat

NOTICE

U.F.A. and U.F.W.A.
Pres. I.D. James Pres. Mrs. James
Will meet on Saturday
3rd. July

-General Business-
Sec. G. Monds. Sec. Mrs. McCrege

St. Michael's Church
Mass will be celebrated on Sunday 4th. July at 9:30 a.m.

Lutheran Service
English Lutheran Service will be held on Sunday July 4th, in the Morning Star School House south of Burdett at 8 o'clock
All cordially invited
Theo. Danielson, Pastor

Mr. Gifford Roberts of Vancouver will give a Lecture at the Meeting Home at Mr. Bratton's on Bell Street on Tuesday 6th. July. His subject will be: "Can the Dead Communicate with the Living?"
1st. Meeting starts 2 p.m.
2nd. 8 p.m.
All Welcome, Seats Free, No Collection

Mr. M.C. Mitchell Superintendent, and Director of the Chautauque arrived in Bow Island Tuesday morning and will be here until the close of the Chautauque programme Saturday July 10th.

The school was closed on Wednesday for the summer vacation

The Masons in Regina attended Divine Service at the United Church Bow Island last Sunday the 27th.

Rev. V.M. Gilbert delivered a very good and instructive sermon on the Aims and Building of Masonry

Miss Mason left for Lethbridge on July 1st.

Mrs. Beattie went to Calgary Tuesday for the Fair

Miss Thompson left for Lethbridge last Tuesday

Mr. Frank Ley was a visitor to town last Tuesday

Mr. Edward W. Clinton and wife and their son passed through Bow Island on Wednesday enroute to his home at Lethbridge, Ontario. Mr. Clinton went to California last fall for his health and stayed at Stockton, California, he bought a car in California and is making the return trip in same, he carries a tent and camps out at night, he travelled through the State of Washington staying one day at Spokane and stopped over four days at Halsey Oregon he passed through Portland and Walla Walla.

He entered British Columbia at Kingsgate on the borders of Idaho, he is travelling to Manitoba and will go via Emerson down to St. Paul and across to Windsor.

Mr. Clinton was three weeks on the trip from California to Bow Island, he says that the scenery along the Columbia Highway in Oregon is beyond description. There is nothing in California like it, there are seats at intervals along the Columbia Highway where one can sit and enjoy the magnificent scenery, Mr. Clinton says that the trip benefited him greatly: he had to pay \$250.00 on his car at Kingsgate to the Customs, he purchased the car at California. They say the trip through the Canadian Rockies and the Crown's Nest Pass is splendid and are very good, the only bad road they travelled over was in Washington for about twenty-five miles. Mr. Clinton may stay in Manitoba for a couple of months as he has relatives there, he will then proceed to his home at Lambeth, Ontario, after one of the most enjoyable trips

Police Court News

Mr. Bert Hands appeared before P.M. Marsh J.P. last Monday June 28th, to answer to a charge for neglecting to forward notice of an estray animal being in his possession or on his premises, accused pleaded guilty and was fined five dollars and costs

Address All Communications to DEPUTY PROVINCIAL TREASURER

HON. C.R. MITCHELL, Provincial Treasurer.

W.V. NEWSON, Deputy Provincial Treasurer, Parliament Building, Edmonton, Alberta.

GOLD BONDS

Wheat Ontario Again Debated In the House

Ottawa.—In the house, Sir George Foster, referring to the participation certificate issued by the wheat board, said there were now wheat at least 40 cents per bushel, despite the fact that some people had been stamped-out giving them away. Some would be redeemed he thought with in the next month; all before the end of the present year. Sir George said the board was making up of practical men to whom he had never dictated as to how they should carry on business.

Mr. King suggested that it would not be wise to make sure that legal exception might not be taken to the powers of the wheat board and the board of commerce.

H. H. Stevens, of Vancouver, entered an emphatic protest against any confirmation of "the principle of paternalism" displayed in the resolution. If this was merely an enabling bill, an amendment to the Canada Grain act would have served the purpose.

In all but Canada and some countries, said Mr. Stevens, wheat control had been almost abolished. He did not think the board was necessary to control the market of centralized European buying.

Mr. Stevens went on to complain that absolute control of business worth \$500,000,000 was placed in the hands of three men. These had arranged to make a success of it, selling always on a rising market. There was no assurance that the market would not fall in the future.

There was no objection to farmers getting all they could for their wheat, but he failed to see why the government should protect them from all risk. The government owed a much consideration to the consumers of the country as it did to the farmers.

Dr. R. J. Manion, Fort William, said that naturally his constituency was opposed to wheat control, but personally he had been of the opinion that the elimination of control would be a good thing. However, on assurance that the measure was merely an enabling one, he was willing to support it.

O. K. Goul, of Anishnab, criticized the operation of the wheat board in a number of respects. He said that prices obtained by the board were lower than farmers of the west could obtain across the line in the United States. The difference between the price allowed by the wheat board and the amount the farmers would ultimately receive for their wheat was still being held up, and the farmers were thereby deprived of the use of millions of dollars.

The resolution was adopted and given first reading.

Retaliation Hungary

Hungary Has Begun an Energetic Counter-Boycott Against Austria

Vienna.—In retaliation for the international transport boycott against Hungary, started on Monday, Hungary has begun an energetic counter-boycott against Austria, whose work is taking an aggressive part in the action instituted by the international organization in protest against the alleged Hungarian prosecution of work elements.

Fright and passenger service on the railways and communication by river have been cut off by Hungary food barges on the way up the Danube into countries to which they had been stopped in Hungarian waters.

In pursuance of international boycotts in the case of the Hungarian remains totally suspended. Trains from Vienna for Hungary are being held up although they were loaded with passengers ready for the trip. It is reported that Hungary has proposed that leaders of the boycott meet in Vienna to discuss the question of the international boycott.

Increase in Savings Deposits
Ottawa.—Savings deposits in Canadian banks increased during May by about \$20,000,000, with the last 12 months they have aggregated by over \$120,000,000. Deposits during the last 12 months were lower than in April. Current loans in Canada were slightly higher; call loans in Canada show a decrease.

Mexican Strike
Mexico City.—All mechanics in the railway shops of Tamaulipas have struck demanding higher wages, according to a despatch from Exelior.

Russian Refugees Would Come to Canada

Wish to Come Here and Form a Community

London.—Many men and women refugees from Petrograd, mostly husbands and wives, are just now lodged in a London poor law institution and are desirous of going together to Canada to form a community.

The foreign office has approached the Canadian authorities intimating that the British Dominion is willing to accept them, the Imperial authorities will assist them towards becoming established. They are British subjects, it is said, bearing such names as Miller, Johnson and Smith, but do not speak English.

It is reported that the Canadian government hesitates to accept them because of their desire to form a community among themselves.

Trade With Russia

Stated That Soviet Ambassador Has Somebait Overdrawn Facilities

Ottawa.—From what can be gathered here, Ludwig Martens, ambassador from Soviet Russia, to the United States, has somewhat overdrawn the importance of the "facilities" extended to Nurekova of the American bank going to England. It is believed a denial will be forthcoming of the statement that Nurekova went to England with the aid of Canadian subsidies who continuously arranged facilities.

So far as negotiations regarding the re-establishment of trade with Soviet Russia are concerned, the Canadian government has little to say. There is no embargo on trade with Russia, and Canadian ships are permitted to sail freely so far as the Canadian government is concerned, and the usual customs regulations are applicable. There is no objection to the purchase by Soviet Russia of merchandise in Canada, but on the other hand the Canadian government will make no guarantee as to contracts or delivery or transportation.

Coal Shortage in Montreal

Montreal.—The coal situation in the vicinity of Montreal is becoming serious, and it is highly probable that the coal situation will be complicated to close down on account of this shortage.

News of the Provinces

SASKATCHEWAN

Anti-Grasshopper Campaign

J. F. Booth, chief director of the anti-grasshopper campaign reports that outbreaks have occurred in several new districts in Saskatchewan, but the protective measures of poison dope has worked wonders among the grasshoppers. Booth advised that the grasshopper plague is spreading as fast as possible because it takes but very little of it to kill the hoppers.

Importing Dairy Cows

A. J. Clark, of the Saskatchewan livestock branch, Department of Agriculture, has immediately received dairy cows which will cost to Saskatchewan farmers at least \$10,000 on dairy cows, which will be brought here to form the nucleus of several new farms.

Annual Farm Boys' Camp

Forty-one districts have already entered teams of five boys to take part in the annual farm boys' camp at the Regina exhibition. The boys will be given practical demonstrations as in past years, and later on will attend the camp at Saskatchewan, in connection with the annual summer fair at the university.

ALBERTA

Protect Wild Birds

Seven bird sanctuaries have been established in Alberta. They are in the neighborhood of Many Islands Lake, Birch Lake, Padowak Lake, Buffalo Lake, Miquelon Lake, Minikah Lake, and La Biche. The aim is to protect the chief breeding areas of wild birds.

Greater Dividends

Greater dividends in Southern Alberta will be paid by the investment of \$20,000,000 in irrigation projects than any other investments, so C. A. Magrath, chairman of the Canadian section of the International Waterways commission, declared in a statement.

Too Much Curlicious

Throughout Alberta there is a gen-

Dispute Is Referred To League of Nations

Sweden and Finland Should Arbitrate

London.—The London Times announces it has reason to believe that representations have been addressed to the Swedish and Finnish governments to the effect that the allied and associated powers to the effect that Sweden and Finland should refer the question of sovereignty of the Aland Islands to the League of Nations.

Sweden desires a plebiscite in the Aland Islands, which are situated in the Baltic between Finland and Sweden, claiming the majority of the population is of Swedish origin. Finland, however, is holding out against separation of the Archipelago from Finland on the ground that they are more nearly connected with the Finnish mainland and are definitely divided from Sweden.

Big Gas Strike

Heavy Flow Reported From New Discovery on Peace River

Edmonton.—Twenty million cubic feet of gas every twenty-four hours from the San Jacinto Well on the Peace River is the news that H. L. Williams brings down from the American side of the border. Mr. Williams was at the well, and since his return telegraphic advice have been to the effect that it is still coming up with undiminished force and volume. It is now being accepted and the drilling operations will then be continued in a further search for oil.

The San Jacinto well is about 12 miles down from Peace River town and the present strike is all about the most promising development that has yet occurred there. Tests of the well gas are being made with a view to ascertaining the feasibility of extracting gasoline from it by either the absorption or compression methods.

Period of Inflation Ended

London.—The Times financial editor, in reviewing the Canadian banking expansion, says that the "inflation" in Canada has much in common with those on this side. The period of inflation has ended and it will be some time before the "inflation" of Canada is reduced to the normal level of expansion recorded in the past few years.

MANITOBA

Auction Sale of Pure Bred Cattle
Brandon.—There will be two important auction sales of pure bred cattle at the Provincial Summer Fair, at Brandon, this year. Both will be held on the same day, namely, July 13.

Sabbath Breaking Complaint
Many complaints of Sabbath breaking throughout the country have been received by Commissioner J. G. Ratway of the Manitoba provincial police. It is stated that in many districts stores are remaining open on Sundays and farmers are working.

Steps will be immediately taken to put a stop to these practices, the commissioner announced.

Wheat Headed Out

Brandon.—Seventy acres of wheat in the head may be seen on the farm of H. L. Fairmore, south of Brandon. The stalks are about 21 inches long and there is promise of a heavy yield, as the plants are well stooled out. The wheat of the Kaskaskia variety, and was sown on April 20.

BRITISH COLUMBIA

Record Bag of Big Game
J. W. French, big game hunter from Eastern Canada, reached Kamloops recently with a record bag comprising nine grizzlies and three black bears, after a six weeks' hunt north of Revelstoke and Shuswap.

Abolish Daylight Saving

Victoria, B. C.—After a two-day trial of daylight saving the city council has decided to revert to standard time.

Parcel Post Helps to Lower Cost of Living

Terrible Scenes in Londonderry

Streets Swept by a Murderous Fire

Londonderry.—Scenes of the most terrible description were witnessed here when a strong fire was directed at a murderous fire for sixteen hours continuously. One man was killed and ten dangerously wounded in one section of the city. Several bodies are reported to be lying in British streets. Among the wounded was a young girl and these who suffered slight injuries cannot be estimated.

Seizing was indulged in on a large scale and there was indescribable firing of rifles and revolvers all over the city. The principal conflict took place in Bishop street, where there was a large concentration of Sinn Féin men, Catholic college and Nazareth home. Sandbags were thrown up, and the fire was directed at the Sinn Féin. There was a vigorous exchange of fire and many casualties resulted on both sides.

UNION IN NEAR EAST IS NOW SERIOUS

War Office May Appeal For Reservists to Strengthen the Army Reserve

London.—The war office intends almost immediately to appeal for reservists, according to the Daily Mail. The newspapers say it probably will ask for discharged soldiers and men who served for at least one year during the war and have not since joined the Territorials to enlist in the army reserve.

"The decision," the Daily Mail continues, "is the first step in a series of steps which will be taken by the military authorities on the situation in the Near East. The chief factor in that situation is the rapid spread of the Turkish Nationalist movement."

London.—The army estimates count up again in the house gave the commons an opportunity of discussing at length British policy and operations abroad, special attention being directed to expenditure in Mesopotamia. Former premier Asquith led the attack by moving a resolution in the House of Commons that there was no legal right for a British (British) in Mesopotamia and urged the withdrawal of British troops.

Premier Lloyd George, defending the vote, pointed out that Britain had responsibility for establishing order and government in Mesopotamia, and if they were to withdraw now they would later have to reconsider things. The amendment was defeated.

Turks Menacing Allied Forces

Allied Position in the Dardanelles is Seriously Threatened

Boulogne.—The commander of the British naval forces at Constantinople has notified Lloyd George that the allied position in the Dardanelles is seriously threatened by Mustafa Kemal's Nationalist troops, who number 40,000. These forces now occupy almost all of Anatolia and are reported to be preparing to launch a spring offensive against the allied military and naval forces. Several skirmishes have already resulted between the British and Turks. The latter have advanced to the town of Gallipoli, threatening the villages as they progressed.

Wireless Strike Called Off
London.—The strike of wireless operators, which threatened to bring shipping activities to a virtual standstill, has been called off. The action was taken as a consequence of meetings of the association of Wireless Telegraphists recently held at London Liverpool and other parts. The wireless less leaders declare they have secured guarantees of fair treatment.

German Food Riots
Bern.—Seventeen persons have been killed in Ulm, Germany, and fourteen in Garmisch, according to persons were wounded in both towns during famine riots which developed into pitched battles, according to a despatch received here from the German frontier.

Ottawa.—Hon. Pierre Blondin's bill amending the Postal act was carried in the senate without amendments.

In committee the amendments to the Postal act, Senator Proulx, urged that the parcel post rates be increased, but the newspaper postal rates remain as they are. He claimed the parcel post service was costing the country millions and was being the most office hours at the expense of the country merchant. It was also demoralizing the mail service and was drawing the wealth of the country to the large cities. The proposed measure would tax newspapers for the benefit of the mail office hours. Parcel post rates should at least equal express rates.

Hon. Pierre Blondin, replied that the parcel post system more than paid its way and the newspaper postage rate caused a loss of over five million dollars annually. The parcel post system had been introduced to reduce the cost of living. To protect local merchants the zone system was established. The immense deficit in the postal office department was due to the rural mail routes. There were now being conducted at a large loss and no new routes were being opened. This was due to the immense increase in the cost of rural mail carriers' wages which were three and four times what they formerly had been.

Senator Turill stated that many of the routes had been established without justification and also changed without the knowledge of the public. He mobile did away with much of the value of the rural mail delivery.

Senator Proulx also protested against the abolition of franking privileges for provincial legislators, but the postmaster general refused to continue them, claiming that there was no reason why the federal government should shoulder the expense of provincial administrations. His bill passed through committee and received its third reading.

Will Not Increase Indemnities

Proposal to Raise Amount to \$4,000 Per Session Has Failed

Ottawa.—The proposal to increase the indemnities to members of the House of Commons from \$2,500 to \$4,000 per session failed to receive the necessary majority. The proposal was introduced by Mr. G. B. Nowlan, and was supported by a number of members of all parties, but it was defeated by a large majority. The proposal was that members of all parties had expressed themselves in favor of it, but the government was not prepared to increase the indemnities, which was not received favorably by the opposition.

Sir Robert emphasized the fact that the country regarded such an increase at the present time unfavorably. As premier, he said, he was not prepared that the government has no intention of bringing in a bill or otherwise providing money for increased indemnities, which would be a private member has no power to introduce a bill involving a money vote and the government, accordingly, refuses to do so.

Handed Disarmament Note

Germany Will Be Told How to Avoid Further Occupation

Paris.—The note to Germany regarding disarmament prepared by the council of ambassadors and approved by the four great powers at the Locarno conference was handed to the German peace delegation here.

The communication probably will be followed by another one going further into details and telling Germany exactly what she must do to avoid further military occupation of German territory.

Falling of Bolshevism
London.—A rumor, which was picked up from Stockholm, quotes Mr. Philip Snowden, British minister in Moscow, as saying that the British Labor Delegation which went to investigate conditions in Russia, and who have arrived in Stockholm on their return from Moscow, are declaring that in their view, Soviet Russia could reach western Europe through the Baltic, they declared, would prevent the fall of Great Britain long before it would in Russia, the message adds.

Rain-Maker Meeting

A Meeting was held in the Town Hall last Tuesday of Farmers and others interested in getting the Rain-maker, Mr. Hatfield to come to Burdett

Mr. McDaniel and Mr. Schultz had just returned from Ephraim, Washington, where they had been again interview Mr. Hatfield to arrange for him to come to Burdett, and they brought back with them a signed Contract in which Mr. Hatfield agrees to be in Burdett by 15th July

In our opinion, as the people have had no practical demonstration of Hatfield's ability to cause the rain to fall that the people putting up the money are giving the sportsman and taking a sportsman's chance of getting Rain; we wish, on his side, that Mr. Hatfield had shown himself as much of a Sportsman, by taking equal chances as the people have done, and had said, "Well Boys I'll be a Sport. If you do not get a good full inch of rain inside of a week from the time I start operations, then in that case, I will charge you nothing for the first inch"

Whereas it is our impression from what we heard, that if Hatfield only gets a quarter of an inch of rainfall in six weeks, that the farmers and others in that case, have to pay Hatfield \$750 for a 1/4 of an inch of rain

It does not appear that Hatfield is taking a very great risk in signing such a Contract.

A letter has been received from the Rain-Maker himself saying, that he won't be able to get here at the early date as was first reported but says that he hopes to be here on or about the 15th of July, he says that he has quite a difficulty in leaving from where he is, as the people are so pleased with his marvellous work in Washington that they do not want him to leave there at all

Mr. Jim Perry our local engineer was relieved last Wednesday and motored out to his home looking after his interests there
